Parties desiring to avail themselves of the benefits intended to be conferred by the Homestead Law, are respectfully invited to come to my office for any information they may desire concerning the said law. Also will attend specially to all matters in Bankruptcy, and he begs leave to say to the unfortunate debtor, that the time wherein you will be allowed the full benefit of the Bankrupt Law, will expire on the first day of January, 1869; after that time you must pay fifty per centum of your indebtedness, or else you cannot have the benefit of the law, except by the consent of a majority, in number and value, of your creditors, which consent you will not be likely to obtain. If you are in debt $500, or upwards, and feel that you cannot pay out, without subjecting yourself and family to great hardships and inconvenience, come to my office, and I will assist you to be relieved from all your distresses and embarrassments, by filing a petition for you for that purpose.
Be sure to make application before the 31st day of December, or else you will be too late! too late!
The citizens are specially invited to come to my office to consult me on any business they may desire to have attended to. They will always find me in my office in a good humor, always glad to see you, and ready to give you a hearty, old-fashioned welcome, and will always be ready to attend to your business for you.

The Soluble Pacific Guano.
TESTIMONIALS:
NEAR ATLANTA, GA., December 10th, 1868.
Messrs. Adair & Brother: I applied Soluble Pacific Guano, procured from you, at the rate of 200 pounds per acre on cotton. I am satisfied its use produced a crop three times greater than the land would produce without it. GEO. S. KEY
NEAR ATLANTA, GA., Dec. 1, 1868.
Messrs. Adair & Brother: I applied 300 pounds per acre of Soluble Pacific Guano, procured from you. Notwithstanding a ten weeks' drought and the attack of the caterpillar, I gathered 800 pounds per acre. From the same land, with out the Guano, I gathered only 200 pounds cotton — say less than one-fourth the quantity. E. MORRIS.
ATLANTA, GA., Dec. 12th, 1868.
Messrs. Adair & Brother: I used this year the Soluble Pacific Guano, bought of you, at the rate of 100 pounds per acre on cotton planted three feet apart in the drill. I am confident it is a pure article and believe it increased the yield double, notwithstanding six weeks' drought and serious attack of caterpillar. J. M. CALHOUN.
ATLANTA, GA., Dec. 10th, 1868.
Messrs. Adair & Brother, Gents: I bought of you last spring one ton Soluble Pacific Guano and put it on cotton. It came fully up to my expectations and I cheerfully recommend it to planters as a profitable fertilizer for cotton. M. G. DOBBINS.
COLUMBUS, GA., December, 1868.
John S. Rose & Co., Dear Sirs: Another season confirms my previously expressed convictions, that the Soluble Pacific Guano, as compared with Peruvian, is fully as good—indeed better. I have now tested it sufficiently, using each side by side for two seasons, applying the same weights of each per acre, and in every case the Pacific has given the best results on cotton, corn, potatoes and small grain, and the testimony I have from a great many planters confirms my experience.
WM. H. YOUNG.
Charles A. Peabody, Esq., of Lee county, Alabama, in a letter to William H. Young, says:
"The Peruvian Guano I had before used, and know it to be an invaluable fertilizer for cotton. I now find the Soluble Pacific to be equally as good. At the same price I would as soon have it for cotton or corn as the Peruvian; some of my hands insist that it is better."

EVENING EDITION.

ATLANTA, GEORGIA, JANUARY 20.

Court of Bankruptcy.

Certificates of discharge were granted by the United States District Court in bankruptcy this morning, to the following persons:

William P. Beasley, Troup county, and William A. Whitehead, Butts county.

The Concert To-Night.

We are pleased to announce that the accomplished Mrs. Bacon, of Macon, sister of Mrs. Ogden, whose rare musical powers we had an opportunity of appreciating Monday night, has reached the city and will take part in the concert to-night.

In behalf of the cause in which they are engaged, and in token of our high regard for their noble purpose, let us greet these patriotic women of Georgia with a crowded house.

Georgia Legislature.

ATLANTA, Ga., January 16.—In the House a motion to rescind the act unseating colored members and providing that they be reseated, was lost by a large majority.

The above telegram, which we find in our exchanges, mistakes the action of the House. The facts in the case are these:

That part of the Governor's message relating to the unseating of colored members was referred to a special committee of ten, five Democrats and five Republicans, representing the ability of both parties in the House. The Republican wing of the committee favored immediate action, and wished to bring the subject without delay before the House. The Democratic members of the committee, deeming it a question too grave and important for hasty or inconsiderate action, asked time for mature deliberation. The committee, as we are informed, had one or two meetings without action, whereupon two extremists of the Radical wing made a minority report, which was published in the House proceedings of yesterday. They asked to be discharged from further duty on said committee, as is shown by their report.

Mr. O'Neal, of the minority, then offered a resolution providing for a joint committee of the two Houses, to proceed to Washington and confer with Congress with reference to our condition.

Mr. Scott, of Floyd, offered a substitute for the resolution of Mr. O'Neal, to discharge the committee of ten and refer the whole matter to the Committee on the State of the Republic. The substitute was adopted—ayes 96, nays 27. So the matter stands, and no such action as that indicated by the above telegram, which we clip from the National Intelligencer, has been taken by the House.

GEORGIA LEGISLATURE.

SENATE.

WEDNESDAY, Jan. 20, 1869.

Senate called to order by the President. Prayer by Rev. Mr. Bowers.

The Journal of the proceedings of yesterday read and approved.

A communication was received from B. W. Frobel, Superintendent of Public Buildings, submitting the plan of a State House, and estimating the cost of building at $505,864 68. He recommends the employment of convict labor in its erection, estimating the cost at $24,125. He thinks that the convicts who would be employed in erecting said building would cost the State at least one half that sum, and, therefore, their employment would be a saving of one half the cost of the first estimate.

On motion one hundred copies of the communication were ordered to be printed for the use of the Senate.

A message from the House was received announcing that that body had passed the following bills:

To provide for holding Floyd Superior Court and for other purposes.

To amend an act to incorporate the North Georgia Mining Company.

To authorize the Ordinary of Stewart county to draw his warrant for costs in certain cases.

Mr. BURNS moved to reconsider the action of the Senate, yesterday, in passing a bill to authorize the consolidation of the stock of the Savannah, Albany and Gulf Railroad, and to refer the bill to the Judiciary Committee.

Messrs. BURNS and CANDLER made able speeches in favor of reconsideration, and Mr. SMITH, of the 7th, in opposition.

The ayes and nays being called for, resulted in 14 for the affirmative, and 24 for the negative, so the motion did not prevail.

A message from the House was received, announcing that that body had concurred in the Senate resolution appointing a joint committee to consider the claim of G. H. Penfield, for arms furnished the State in 1860, and that Messrs. Price, Bethune and Shumate had been appointed as the committee on the part of the House.

Mr. SPEER asked leave of absence for Mr. Stringer during the balance of the week, which was granted.

Mr. HIGBEE, Chairman of the Committee on Enrollment, reported a bill to authorize an advance of $5,000 to the State Printer as duly engrossed and enrolled.

The following House bills were taken up and read the first time.

To provide for the holding of Floyd Superior Court, and for other purposes.

To amend the act in corporating the North Georgia Mining Company.

To authorize the Ordinary of Stewart county to draw his warrant for cost in certain cases.

The following bills were introduced and read the first time:

Mr. GRAHAM—A bill changing the time for holding the superior Courts in the counties of Appling, Coffee, Clinch, Echols, Ware and Wayne.

Mr. ADKINS—A bill regulating the duties of employer and employee in this State.

Mr. SMITH, (36th)—A bill to encourage the arrest of criminals by providing compensation therefor.

Mr. NUNNALLY—A bill to amend the act regulating Court contracts, and transferring the jurisdiction conferred on the County Court, to Ordinaries, Notary Publics and Justices of the Peace.

Mr. JONES—A bill to amend the act appointing Road Commissioners, and providing for the appointment of Commissioners of Public Bridges.

Mr. LESTER—A bill to amend the act incorporating the Savannah Gas Light Company, and Augusta Gas Light Company.

Also, a bill to incorporate the town of Parkersville, in Chatham county, (now the Isle of Hope.)

Mr. HINTON—A bill to provide for the election of Justices of the Peace on the first Saturday in March, and on the first Saturday in January, every four years thereafter.

Mr. WELLBORN—A bill to amend the act relative to trespass, imposing penalties for felling chestnut trees for the purpose of obtaining chestnuts.

Mr. MERRELL offered a resolution that the Committee on Judiciary be directed to inquire if there are any local Justices of the Peace in this State, and how many districts are entitled to, and what legislation is necessary. Resolution adopted.

Mr. HIGBEE offered a resolution that the Secretary ascertain what rooms in the State house have been set apart for the use of committees and their numbers, and to what committees assigned. Adopted.

Mr. SMITH, of the 36th, offered a resolution authorizing the President to make such arrangements as he deemed proper for opening the proceedings with prayer, by a chaplain or chaplains, during the session.

Mr. HIGBEE offered, as a substitute, a resolution that the daily proceedings be opened with prayer, and authorizing the President to invite clergymen to officiate.

Mr. NUNNALLY offered, as a substitute for both, a resolution that the members of the Senate who are clergymen be invited to alternate in opening the proceedings with prayer, but withdrew it, and moved that the resolution and substitute be laid on the table, which motion prevailed.

Mr. NUNNALLY then offered a resolution that the Reverend members of the Senate alternate in opening the proceedings with prayer, and that the President be authorized to request any other clergyman present to officiate.

Mr. SPEER offered as a substitute, a resolution that the President be authorized to procure the services of Rev. C. W. Thomas to open the proceedings with prayer.

An animated discussion ensued. Mr. Speer declaring that he did not wish to hear political or sectarian prayers, but prayers for the good of the whole people.

The ayes and nays being demanded, the substitute was lost by 12 ayes, 24 nays.

Messrs. CANDLER, SMITH, (7th) and the members who belong to the clergy, explained that in voting against the substitute, they had no feeling against Rev. Mr. Thomas, but voted against the substitute on its own merits.

The resolution was then adopted as offered by Mr. Nunnally.

The Senate then adjourned.

HOUSE OF REPRESENTATIVES.

WEDNESDAY, January 20, 1869.

House met pursuant to adjournment, and was called to order at 10 o'clock M., by the Speaker.

Prayer by Rev. Mr. Clark, member from DeKalb.

Journal read and approved.

Mr. O'NEAL moved to reconsider so much of the proceedings as relates to the resolution introduced by himself on Reconstruction.

Mr. CLOWER, a new member from Monroe county, who was elected to fill the vacancy occasioned by the death of Mr. Ballard, appeared in his seat and was sworn in.

A message from the Senate was received stating that that body had concurred in the House resolution to advance $5,000 to the State Printer.

Mr. O'NEAL spoke on his motion to reconsider. He reviewed the arguments in favor of his resolution, and thought it was best that action should be taken on the question.

Mr. TUMLIN asked what would be gained by sending this committee to Washington.

Mr. O'NEAL thought nothing could be gained here, and that our only relief was by sending to Congress. He said that the Republican party was not to put the negroes back in this House, and to persecute the whites by the third section of the 14th Article; it was the desire of this party to render protection complete in this State.

Mr. SCOTT, of Floyd, called the previous question, and was sustained.

Vote taken on motion to reconsider, and motion lost.

Mr. TURNIPSEED, of Clay—A resolution that no member on this floor be permitted to speak more than fifteen minutes.

Mr. PRICE moved to take up Senate resolution referring to the appointment of a committee to investigate the claim of the Agent of Sharp's Rifles Manufactory. Concurred in.

Mr. PHILLIPS' resolution appropriating money to colleges was taken up and referred to the Committee on Retrenchment.

Mr. SAUSSEY moved to take up a resolution referring to the surrender of the Planters' Bank of Savannah. Taken up and referred.

Mr. HARPER, of Terrell, moved to take up his resolution in regard to the report of the Treasurer.

Rules were suspended and resolutions adopted.

Mr. CRAWFORD—A resolution offering a seat on the floor to Hon. Mr. Robinson.

Mr. WILLIAMS—A resolution authorizing Reporters of this State seats on the floor.

Mr. HARPER hoped that the rules would be suspended and this resolution taken up, as we should not make fish of one and flesh of another.

Mr. BRYANT did not think it was necessary; there was not room, and it would be discourteous to Judges of the Supreme and Superior Courts, and other distinguished men in the State, to make this distinction against them. He called for the previous question.

Motion to suspend the rules was lost.

BILLS ON FIRST READING.

Mr. WILCHER, of Taylor—A bill to change the county lines between Macon and Taylor.

Mr. BETHUNE—A resolution to make a case against White, a colored Clerk of the Superior Court of Chatham county so as to settle the question of negro eligibility, and that the Solicitor of that Circuit be instructed to proceed at once against said White.

Mr. SAUSSEY—It may be necessary for me to state that this suit has already commenced and that able counsel has been retained, and that the question would come before the Supreme Court.

Mr. BRYANT wished to know the present status of the case.

Mr. SAUSSEY did not know how it stood, but stated that he had written to find out, and would inform the House. He was opposed to suspending the rules.

Mr. BETHUNE thought that the courts were only competent to settle this question.

Mr. O'NEAL said there was sufficient law already on this point, and that it was not necessary to make more.

A message from the Senate announcing that that body had passed a bill amending a bill to incorporate the Cotton States Life Insurance Company.

Mr. O'NEAL continued.

Mr. HUDSON, of Harris, wished to know what was before the House.

The CHAIR ruled that the speaker must confine himself to the question before the House.

Mr. HARPER, of Terrell, said that the question before the House was on the reference of this question to the Judiciary Committee. He thought that the gentleman from Lowndes, who had slipped out when the vote was taken on unseating negroes and would not vote, was unnecessarily anxious now to push this question on this House. He thought that the resolution offered by the gentleman from —— was very proper and would meet this question. He was willing that the Judiciary should settle this matter, and he would pledge himself to stand by it. It is the only way to settle this question amicably. The gentleman from Lowndes is chagrined and now wishes to force a question upon us with a view to make us back up ourselves.

The previous question was called and sustained. A vote was taken on the resolution when it was referred to the Judiciary Committee.

The Committee on Printing reported that the State Printer would furnish two hundred copies of the Journal daily for the use of the House at two dollars per page.

Mr. PRICE spoke in favor of adopting the report, and having the Journal on the table of members of each day's proceedings.

Mr. RAWLS stated that it was not possible that this could be done as the Journalizing Clerk did not finish his Journal till about midnight, and it would be impossible to have it printed and so distributed. It would necessitate the appointment of another Clerk, and he was not willing to run the State to this expense. He further stated that the Journal would have to be corrected, and would like to know how it could be done and laid on the table when it is never read and corrected till the House meets.

Vote taken on report of the Committee and it was not concurred in.

Mr. BARNUM, of Stewart—A bill to authorize the taxes of Stewart county to be used for purpose of building a jail.

Mr. ELLIS, of Spalding—A bill to make the law of bastardy apply to colored women in the same way as to white.

Also, a bill regulating the rate of interest, making 7 per cent legal, but permitting 10 per cent. to be charged.

A bill to prevent obstructions being placed in certain creeks in Pulaski and Wilcox counties.

Mr. STRICKLAND—A bill to authorize Wm. Green to peddle without license in Paulding county.

Mr. DARNEL—A bill to change the line between the counties of Pickens and Gilmer.

Also, a bill to amend an act settling apart a homestead, regulating fees, &c.

Also, a bill to amend the Homestead Bill so as to make it legal for persons who have money, to have it set apart.

Also, a bill to define the meaning of section 2640.

Mr. GRIMES—A bill to relieve the county of Muscogee of the bill authorizing the collection of insolvent cost.

Also, a bill to provide for a municipal election in the city of Columbus.

Mr. DRAKE—A bill for the relief of Wm. Johnson & Son and George Lewis of Upson county.

Mr. HOLDEN—A bill to change the line between the counties of Tallapoosa and Hancock.

Mr. HALL, of Meriwether—A bill to authorize sheriffs to perform the marriage ceremony.

Also, a bill to prevent persons from enticing hired servants, and requiring them to be registered.

Mr. BARCLAY—A bill to repeal an act passed 1868; giving liens on saw mills for timber or services rendered.

Mr. GRIMES—A bill to appropriate ten thousand dollars for the burial of the Confederate dead.

Condemned by Their Own Evidence.

Mr. Washburne is understood to be the confidential friend as well as the mouthpiece of General Grant. In view of this relation to the President elect, the whole country attaches much importance to his late speech in Congress. But for the crowded state of our columns we would publish it entire. The Ohio Statesman gives the following summary of its contents, which covers the leading points. It says:

The great masses of the people, Mr. Washburne said, the bone and sinew of the country, the men who have no schemes of plunder, and who desire only an honest administration of the government; the men who fought the battles of the republic and poure l out their blood in its defense, require of Congress a decrease of our expenditures, and a reduction of taxation. Regardless of the mysteries of finance, they see that credit can be improved, the public faith vindicated, a return to specie payment made certain, a reduction of the interest on the public debt secured by keeping down the expenditures of the government to the lowest possible point, and by the honest collection of the revenues. It is for Congress to keep down the expenditures, and it is for the President to see that the laws are faithfully executed, and that the revenues are collected. But the latter, Mr. Washburne hints cannot be done, if Congress fetters the incoming President with the laws that stripped President Johnson of the power to see to it that the laws were faithfully executed, and to enforce honesty in public officers.

After stating in some detail the expenses of the last four years, and the estimates of the Secretary of the Treasury for the next fiscal year, Mr. Washburne proceeded to the consideration of the question of what this Congress will be called upon to appropriate for deficiences for the present fiscal year, ending June 30, 1869, and to carry on the government for the next fiscal year, ending June 30, 1867.

The estimates of the Secretary of the Treasury for the coming year, for deficiencies in appropriations alone, is twenty-six million dollars—$26,000.000—fourteen million dollars of this large amount is for the army, whose expenses exceed, by this amount, the large appropriation already made.

Four million, five hundred thousand dollars ($4,500,000) are asked to supply the deficiency in the Post Office Department, created, as Mr. Washburne says, for extravagant contracts for unjustifiably extended mail service.

Six hundred and sixty-five thousand dollars ($665,000,) is the amount required over the appropriations of the last session of Congress for furnishing the public buildings at Washington, and that, too, after the pledge was given that the amount thus appropriated would be sufficient to finish all the work.

Four hundred and fifty thousand dollars ($450.000,) were voted for the completion of the Coast Survey—the Secretary now asks one hundred and sixty thousand dollars again to complete it—the former appropriation being exhausted.

The Columbia Institute for the Deaf and Dumb, a private institution in Washington, which has obtained nearly a half million dollars out of the Government, was given $12,500 for this fiscal year for instruction, etc., which was deemed ample, and even generous, but with a familiarity with the whole action of Congress on this subject, the President of this private corporation, demands $17,500 more as a deficiency for this year.

Thus, in these single appropriations, we have over twenty-six million dollars demanded to pay debts, where the officers in charge have overrun, or demand more than the large amounts given. If these deficiency appropriations be deemed necessary, they were caused either by a wasteful squander of the public money, or from the fact that, pending a Presidential contest, Congress wished to keep down its appropriations in order to make a show of economy, to the end that the people might again trust the Radicals with power to abuse it.

This *expose* of Mr. Washburne, who is anxious to make a show of virtue, though he and his party leaders have it not, gives the readers a slight insight into the unlawful extravagance of Congress and the Radical officials who obey its mandates, and to the corruption, which from its advent to power, has marked every step of the Radical party.

The Electoral Vote.

The electoral vote of all the States except Nevada have been received by the President of the Senate at Washington.

Signs of Southern Prosperity.

The vitality and recuperative power of the South are wonderful, says the Louisville Courier-Journal. In these she surpasses anything the world has ever seen before. She astonishes men not less by her immense vigor in peace than by her tremendous energy in war. In spite of all the fearful disadvantages that have been, and are around her and upon her; in spite of the fact that out a partial pacification has been effected within her borders; in spite of the undeniable truth that large portions of the negroes are not an aid to her, but a monstrous nuisance; in spite of all these things, flowers and verdue, and those rich productions of the earth to which her matchless soil and climate are adapted, are springing, as beneath the tread of God's angels, from her lately bleached and desolated fields.

The people of the South have had, during the last season, far less means of production than ever before, but they have directed their means more skilfully and to better purpose than they ever did before. Taught salutary and necessary lessons in a hard and terrible school, they have taken care that the lessons should not be lost on them. They have discovered and devoted to use capabilities within themselves, the very existence of which, in times past, they never suspected. They find that they can accomplish what they formerly deemed impossibilities. They feel the spirit of independence moving in their souls and thrilling all the chords of their frames. Their dependence, to any great extent, upon the North or upon any other region has disappeared forever They can place themselves and are fast placing themselves in a condition of more perfect exemption from control and the necessity of reliance than is perhaps enjoyed by any other people on the globe. The North is destined to realize the extraordinary truth, that when she thought herself striking *at* Southern independence, she was, in one and a highly important sense, striking *for* Southern independence.

What mortal mind, when events are occurring, can behold their remote or even their near consequences?

Jottings of Travel.

ST. LOUIS, MO., Jan. 13, 1869.

Editor Constitution: The enterprise of the West is wonderful. No wonder that it grows so rapidly. It is thoroughly awake. The most casual observer must be struck with the progressiveness of the country. The railroads are almost innumerable, and more building. Examine the States of Indiana, Illinois and Ohio, whose votes decide Presidential elections, thus holding the balance of power and controlling this mighty government, and you will find their whole surface so intersected by railroads that one is bewildered at the complicated net-work of iron tracks, penetrating every section, passing through every town, affording quick travel every where, and developing every interest. With less area, either of them, than Georgia, they each vote their half a million of solid white suffrages to her hundred thousand; with less fertility and natural resources, they are nigh ten times as wealthy. See the close woof of railroads in one section, and the bare skeleton lines in the other, and you see one great cause of the difference.

Our Southern section must spur up. We can do nothing without railroads. They are the most potent instrumentalities of development, and in the grasp of every people.

David A. Wells, Special Commissioner of Revenue, has made a most masterly report on the condition of the country, in which he gives many valuable statistics. He says in 1868, there were 2,500 miles of new railroad built—double the average yearly increase before the war. This shows the amazing vitality of the country.

The result of so many railroads is great competition between rival routes to and from the same point, and cheaper travel, and better accommodations.

Floods of posters and hand-bills, containing florid descriptions of this route or that, are scattered everywhere. The roads vie with each other in offering inducements to the traveler. Palatial and magnificently finished sleeping cars, fancifully called "Silver Palace" cars, invite to a comfortable snooze in conjunction with rapid locomotion. One road, the "Chicago and St. Louis," has positively a hotel running on it, Think of that! You travel, eat and sleep under the same car roof, getting such accommodations and such a dinner as you would in the handsomest hotel in the country, and going at thirty miles an hour to attend to your business.

Railroad agents have officers at the hotels to sell tickets and puff their respective routes.

Many of the roads have the broad gauge cars that are more roomy and comfortable than the ordinary car.

Rogues are watched. To-day a well-dressed man, about thirty, at one of the depots, after sharply scrutinizing the crowd, attached himself to a young man, who seemed inexperienced, and made himself very agreeable to him, and when the train arrived he entered the car with and took a seat by him.

A man, who proved to be a detective, called the young man aside and cautioned him against his companion, stating that he was one of the slyest and most noted pick-pockets in the country; that it was his practice to fasten himself upon the inexperienced and unsuspecting as the best victims for his thefts.

The thief of course knew the detective, and knew what his brief consultation with the young man meant, and knowing that his game was blocked for that trip, he got off at the next station.

I was much amused at one man who was vigorously canvassing the car to raise thirty cents to finish out his fare to a certain point, ingeniously admitting that he had got on a spree the night before, and spent his money. The passengers seemed indisposed to help him, probably on moral grounds of disinclination to promote drunkenness.

St. Louis is by long odds the foremost city of the West, and it may one day be the capital of the United States. Already a movement has been made in that respect. It is the central point, and when the immense West gets settled and populated, she will have a voice that may be strong enough to carry the charge.

Ten railroad routes diverge from this place. The city grows with enormous strides. The hotels are superb; there is no doubt that fine hotels help a city to a very great degree. St. Louis is bound to be the New York of the West. There are some magnificent public buildings; her streets are in as fine order as the streets of any city in the country.

Missouri is yet under Radical rule, and therefore not well-governed. Governor Fletcher has just given way to Governor McClung, whose inaugural address foreshadows a policy proscriptive and partizan. The vote of many counties was thrown out because of rebels voting. Fletcher's reputation as an executive, is by no means attractively odorous. McClung bids fair to follow in his footsteps. There can be no full and lasting prosperity and peace for the country, until these political troubles are quieted and the rights of all are restored, and it is a pity these men cannot learn the lesson.

The Missouri papers are full of a discussion between Senator Drake and General Carl Schurz, in which the General seems to have gotten the better of his Senatorial opponent. QUILL.

Fulton County Agricultural Society.

REPORTED EXPRESSLY FOR THE CONSTITUTION, BY S. A. ECHOLS, SECRETARY.

ATLANTA, GA., Jan. 20, 1869.

According to announcement the Fulton County Agricultural Society met at the City Hall to-day at 11 o'clock.

The attendance not being very large, on motion of Dr. Marshall it was

Resolved, That Gen. Walker's address be postponed until the regular meeting in February.

It was suggested, however, that a half hour might be profitably spent in remarks and suggestions by the different gentlemen present on Agriculture and themes incident thereto.

Mr. Norcross, formerly a resident of Atlanta, recently of the State of Ohio, by request, addressed the Society.

He said he had, for several years, been living in an other section of the country, yet, had never seen any section or place that seemed so much like home as Atlanta, Georgia, and that in future it should be again his home. While absent he had turned his attention to Horticulture and grape growing, and he knows nothing that he might say that would be more interesting.

He had been connected with the Horticultural Societies, and thought that our section did not appreciate the importance of such societies.

In Ohio, every man who pretended to farm or garden were members, and always looked with more interest to the reports of the meetings of such societies than to any thing else the papers contained. Farmers and gardeners in Ohio at times make $1,000 clear profit from one hundred acres of land. This statement seemed almost incredible here, and yet it was so. It is the necessary result of "book farming." Every man there is becoming prosperous He wanted the same spirit to be awakened here, and it must be done.

He recounted the history of the Ives grape which he was endeavoring to introduce into Georgia.

Col. D. W. Lewis, A. Harcook, being called for, made a few practical remarks as to the objects that will best serve the interests of the Society.

On motion,

Resolved, That a committee be appointed to wait on the Legislature to urge the passage of a bill for the encouragement of immigration, and the passage of such other measures as may develop the agriculture of the State.

The following gentlemen were appointed that committee: Gen. W. S. Walker, Dr. H. Marshall, Col. J. M. C. Reed, Rush Irwin, T. G. Rollins.

On motion of Mr. Marshall, it was

Resolved, That the Chairman of this Society appoint a committee of five, who shall present to the Executive Committee of the State a list of such articles as they think would embrace the industrial interests of this peculiar section of the country.

[The following gentlemen compose that committee: E. E Rawson, S. A. Echols, J. J. Toon, J. Norcross and Dr. S. Hape.]

Resolved, That this Society is in favor of the renewal of the appropriation by the Legislature, asked for by the State Agricultural Society.

On motion,

Resolved, That a committee be appointed to confer with the Superintendents of the railroads and with hotels and boarding houses, and find out and publish at what reduced rates delegates to the Agricultural Convention can be accommodated, in February.

[The following gentlemen were appointed that committee: Dr. Samuel Hape, Gen. W. S. Walker, Rush Irwin.

On motion,

Resolved, That a committee be appointed to correspond with citizens of other counties, inducing them to organize county societies and send delegates to the meeting of the Agricultural Society.

[The following gentlemen compose that committee: J. J. Toon, Dr. S. Hape, S. A. Echols, T. G. Rollins' J. M. C. Reed, E. E. Rawson.]

On motion

Resolved, That all tillers of the soil, members or not members of the Society, be requested to attend the regular meetings of this Society, to bring with them, and exhibit the products of their soil, of every kind; their new and peculiarly valuable implements of cultivating or preparing the soil; and that notice of the same will be taken by the Society and published in the city papers.

By Gen. Walker.

Resolved. That the Executive Committee be instructed to digest a plan for the holding of a Fair at some suitable time at the Fair Grounds of Atlanta, to be presented at the next meeting of the Society.

Resolved, That the Society adjourn to meet at 9½ o'clock, 1st Tuesday in February.

E. E. RAWSON, President.
S. A. ECHOLS, Secretary.

R. M. Phinizy, Esq.

We are pained to announce the death of Robert M. Phinizy, Esq., which took place at his father's residence, in this city, yesterday morning, at 5 o'clock. He died of pneumonia.

Mr. Phinizy was an old and much respected citizen of Augusta, having lived here almost all his life, and for quite a number of years has held the responsible office of Justice of the Peace. He was fifty-four years of age. He leaves two daughters and a large family of relatives to mourn his departure.—*Augusta Constitutionalist.*

The Alabama Treaty Signed.

The New York Herald of the 16th learns, by cable dispatch from London, the day before, that the treaty between the United States and Great Britain, relative to the Alabama claims, has been signed by the American Minister and the British Foreign Secretary, on the basis of the original protocol. This, we presume, refers to the appointment of a commission on the part of both governments, whose duty it shall be to consider the merits of the different claims and adjudge accordingly. It does not appear that there are substantial grounds for the report that the claims are to be offset by those of British subjects against the United States, although it is not unlikely that that point may be pressed at some period during the progress of the deliberations of the commission.

For the Sale of Chesapeake Guano,
Atlanta, Ga.

DEAR SIR—To a portion of my Cotton crop past season I applied in the drill 100 lbs of Chesapeake Guano per acre, also 25 lbs. Salts 25 lbs. Land Plaster, I found on picking my cotton that the portion of land to which I had applied Fertilizers as above stated produced one bale and fifty per cent. more than was produced without manure on the same quality of lands. Chesapeake Guano should be placed in the hole of the be I directly under the cotton seed. I am much pleased with its use and do not hesitate to say that the free use of this most valuable fertilizer would, in my opinion work a great revolution in our planting interest. You will please serve for me about eight tons for the present season. I will send for it before planting time.

Very respectfully, JACKSON GRAHAM

WHICH ACCOUNTS FOR THE MILK IN THE COCOANUT.—Business has got so far ahead of the season at Redwine & Fox's corner, that the Thermometer in "The Live Drug Store" indicated June weather yesterday. Some one suggests that the temperature is always high in "The Live Drug Store" because of the crowds of people to be found there. The fact is everybody in and out of Atlanta has to go there at least once a day—some to buy their superior article of *Pure Test Coal Oil*, at manufacturers' prices; some to buy a part of their 1200 *boxes of Window Glass* of all sizes; some to buy *White Lead, Oils, and Mineral Paints*, and everybody to buy *Landreth's unrivalled Garden Seeds*, of which Redwine & Fox have just received a stock for the million. jan15-dtf

Cow Thieves Caged.

On Monday, Alderman M. Mahoney had a very fine milch cow, valued at three hundred dollars, stolen from him. Information having been communicated to the police, on Tuesday, officer Rasberry accompanied by Mr. Harvill, proceeded down the road leading to Decatur, and found the cow about four miles from this city. Several negroes had her and were making preparation to kill her, when seeing officer Rasberry they turned the cow loose and fled. Nothing daunted, however, officer Rasberry continued his investigations, and at night, accompanied by officers Murphy and Holcomb, succeeded in arresting a white man, connected with the theft, as the ring leader, and three negroes. The thieves were lodged in jail, and will have a hearing before Justice B. D. Smith this morning.

Supreme Court of Georgia.

Monday, January 20, 1869.

The whole day was consumed in the argument of Campbell Wallace, Superintendent Western and Atlantic Railroad, vs. Mary E. Cannon.

P. L. Mynatt and L. E. Bleckley, for the Road; S. B. Hoyt and Robt. Baugh, for Cannon.

This is the cause in which Judge Collier held that if Cannon was voluntarily engaged in carrying Confederate troops at the time he was killed and that fact was the sole cause of the killing, his widow could not recover from the Road for the killing. It has brought out some of the finest arguments, and elicited as much or more interest than any cause argued during the term.

Pending the concluding argument by Col. Bleckley, Court adjourned till 9 o'clock to-morrow.

In the report of yesterday, by mistake, it was said that two of the cases on the Flint Circuit might be continued, and that Col. L. Slone would probably represent Gen. Toombs in the other two. The circuit intended was Northern, and the person was the Hon. Linton Stephens.

The remaining case of Woodward, vs. Gates, (Equity from Merriwether,) will close the Coweta Circuit.

Dougherty for plaintiff in error. B. H. Hill for defendant in error.

The next Circuit in order is the Flint. It has four cases.

DECISIONS OF THE SUPREME COURT OF GEORGIA

Delivered at Atlanta, January 19, 1869.

FURNISHED BY W. J. HAMMOND, SUPREME COURT REPORTER, EXPRESSLY FOR THE CONSTITUTION.

The State, plaintiff in error, vs. John Dickson, defendant in error—Motion to Distribute Funds—from Whitfield.

BROWN, C. J.—The Western and Atlantic Railroad is the property of the State, and its incomes are part of the revenue of the State. A debt due the road is a debt due the public, and is to be paid before "any other debt, lien, or claim, whatsoever," except funeral expenses, &c., as specified by the Code.

Judgment reversed.

Sprayberry and J. A. W. Johnson, by the Reporter, for plaintiff in error.

C. D. McCutchin, by A. B. Culberson, for defendant in error.

John E. A. Murphy, plaintiff in error, vs. E. M. Bruce & Co., defendants in error. Contest between liens from Richmond.

BROWN, C. J.—Both plaintiff and defendant in error had issued attachment against Joseph A. Crew, and each had served J. Sibly & Son's with summons of garnishment. The garnishment in favor of Bruce & Co. was just served. Bruce & Co., after Murphy had obtained judgment on his attachment, dismissed their attachment in vacation. At the next term of the Court they were permitted, with the consent of the defendant in attachment, to reinstate their case. Held, that they lost their priority over Murphy by dismissing the attachment, and that they could not regain it by reinstating their case.

Judgment reversed.

H. W. Hilliard for plaintiff in error.

W. T. Gould, Johnson & Montgomery for defendants in error.

John J. Miller, plaintiff in error, vs. Mitchell, Reed & Co., defendants in error—Motion for a New Trial—from Fulton.

BROWN, C. J.—When a party did not enter an appeal within the time prescribed by law, and has otherwise been guilty of negligence, a new trial will not be granted on account of newly discovered evidence, more especially when the evidence is cumulative and one of the witnesses, of whom the discovery is alleged to have been made, gave evidence on the trial, and the other was the clerk of the party moving for the new trial at the time of the transaction and the motion is not made for more than twelve months after the rendition of judgment.

Judgment reversed.

Collier & Hoyt, A. W. Hammond & Son, for plaintiff in error.

Geo. Hillyer, for defendants in error.

James Dunn, plaintiff in error, vs. Wm. McNaught *et al*, defendants in error: Equity, from Bartow.

BROWN, C. J.—In this case the owners of a farm placed a farmer upon it under contract to set off the use of the farm against his skill and labor for five years, and the owners and tenant were to stock it on joint account and divide the profits once a year, the owners to have the right to terminate the partnership on six months notice, if the farm failed to pay ten per cent. profit on the capital invested: Held, That the bill and answers show that the farm has not paid ten per cent. to the owners on the capital advanced by them, and that the owners had a right under the contract, to terminate the partnership by giving the six months notice, and that the court did not err in granting an injunction and appointing a receiver to wind up the affairs of the partnership.

Judgment affirmed.

W. T. Wofford, Jno. Cox, for plaintiff in error; W. Akin, for defendants in error.

John Odom, plaintiff in error, vs. Joseph W. Wooten, defendant in error: Motion to discharge Security on Appeal—from Fulton.

BROWN, C. J.—1. Security on an appeal bond, under our Code, only binds himself for the payment of the debt or damages for which *judgment* may be entered in the cause, and if no judgment is ever entered against the principal in the cause no liability attaches to the security.

2. As Congress has the power, under the Constitution, to establish uniform laws on the subject of bankruptcies throughout the United States; and as the act of Congress forbids the prosecution of an action against a person adjudged a bankrupt, until the question of his discharge has been determined, and relieves him, when discharged, from all debts, liabilities, &c., which might have been proved against his estate; a security on an appeal in this State is no longer liable, when the principal is discharged in bankruptcy, which discharge of the principal terminates the case pending in the State Court against him, and prevents any judgment. The security on the appeal does not contract to pay the debt, but the judgment that may be entered in the suit then pending.

Judgment affirmed.

Hammond, Mynatt and Wellborn for plaintiff in error.

Hill and Candler for defendant in error.

Jesse L. Blalock and John T. Howell, plaintiffs in error, vs. John Phillips, defendant in error: Case—from Fayette.

BROWN, C. J.—Plaintiff in the Court below, sold to defendants four bales of cotton while Confederate money was the currency and had a market value, and was to receive that currency in payment. Defendants delayed payment till after the Confederate armies had surrendered, when one of them, with knowledge of the surrender, visited the plaintiff at his residence in the country, and paid the debt in Confederate currency, at a time when plaintiff swears he had no knowledge of the surrender: *Held*, In such case, that it is a question proper for the jury to determine whether defendant practiced a fraud upon plaintiff by taking advantage of his ignorance, and misleading him and inducing him to receive the notes in payment when defendants knew they were in fact of no value by reason of the failure of the Confederacy.

2. If plaintiff was induced by fraud to take the notes, and they had ceased to have any market value when he learned the fact of the surrender, he was not bound to tender them back to defendant to enable him to maintain an action for the amount due him for the cotton.

3. The plaintiff in this case, waves the tort committed by the defendant in forcibly taking the cotton from his gin house, by the form of action brought; and can only proceed for the price of the cotton.

4. The conduct of certain jurors, who, while they were charged with the case, conversed with a person not on the jury, in presence of a number of others about the case, and used expressions favorable to to the right of the plaintiff to recover—assigning as a reason that defendant, sworn as a witness, had contradicted himself, when in fact he had not, is highly reprehensible, and a new trial should have been granted by the Court below on that account. Jurors should speak to no one, nor permit any one to speak to them about the case, while charged with its consideration.

Judgment reversed.

Peeples and Stewart, for plaintiff in error.

Tidwell and Fears, for defendant in error.

IT WILL WASH!

THIS VALUABLE IMPROVEMENT that has met with such unbounded success throughout he East, West, and North and the parts of the South where it has been introduced,

IS NOW ON EXHIBITION AND FOR SALE AT THE STORE OF

Echols, Langford & McCrath,

Key Stone Block,

Whitehall Street,

Atlanta, Georgia,

Where we cordially invite all to call and see its operations. The idea of washing clothes without rubbing or wear to the material is now no longer a mystery. It is being practically used, and with entire satisfaction by many of the best citizens of this city, and hundreds and thousands of people throughout the East and West.

Mr. DeWitt is owner of the Southern and Pacific States and Territories for this valuable invention, and will sell interests by the County and State, to any one wishing a sure and paying business at prices that cannot but suit the purchaser.

States and Counties that have been sold for this improvement have since sold at enormous figures in comparison to the price we ask. For instance, Illinois was sold for $6 000 and since sold for $40,000; counties in Kentucky, that we sold for $60 by the State has since sold for $600, and I can safely say that so far no man has invested his money but what is making a fortune. We can give name and address of nearly every one that has purchased rights in the United States, so parties can correspond with them and get their views on the investment they made.

For territory by Counties or States address or call on HENRY WHELLINGTON,
care of Echols, Langford & McCrath,

The Daily Constitution.

ATLANTA, GEORGIA, JANUARY 22

BY TELEGRAPH.

ASSOCIATED PRESS DISPATCHES

FROM WASHINGTON.

CONGRESSIONAL.

WASHINGTON, Jan. 20.—SENATE.—Wilson introduced a bill reducing the army, providing, among other things, the abolition of Brigadiers during peace.

The House is considering the franking privilege.

The Supreme Court is hearing a case about railroad breaks.

The Reconstruction Committee heard arguments from Gov. Wells and Mr. Ballswire on the Virginia issues.

HOUSE.—The Election Committee hears Jones and Mann from Louisiana to-morrow.

The President's Private Secretary, Mr. Warden, telegraphs to several papers which employ him, that negotiations are pending between our Government and Spain for the transfer of the Islands of Cuba to the United States, the only material difference to overcome being apparently the price to be paid the Spanish Government. Information accessable to agents of the Associated Press does not enable them to verify this dispatch.

The Virginia committee have presented to the Judiciary a memorial, submitting amendments to the House bill providing for the election in Virginia, now under consideration, modifying the Constitution to extend which they believe would be accepted by the people of Virginia. In this connection they say the real feeling of the people of the State is expressed when they declare the belief that the freedmen of the South, in their present uneducated condition, were not prepared for the intelligent exercise of the elective franchise. In view of public opinion expressed in the recent elections, they believe a majority of the people are willing to incorporate it in their fundamental law as an offering on the altar of peace, hoping for a restoration of union and harmony on the basis of universal suffrage and universal amnesty. Considering the policy of the government to require in the Virginia Constitution a recognition of civil and political equality of all men before the law, they have, in the amendments proposed, inserted all the provisions looking to that result heretofore deemed proper by Congress, and untouched any provisions of the Constitution in relation to the subject.

Disastrous Fire in Savannah.

We learn from the Savannah Advertiser of Monday last that a disastrous fire broke out in that city, the morning before, at 2 o'clock, in the store of Mr. W. D. R. Millar, 157 Bay street, immediately east of the City Hotel.

The following parties suffered by the fire:

The entire stock of Mr. Millar, valued at $10,000, was destroyed; insured for $5,000 in the Southern Mutual. The only thing saved by Mr. M. was his safe, containing his books and papers and a few rolls of packing.

The front room in the second story of the building, over the store of Mr. M., was occupied by Messrs. Mills, West & Tompkins as a law office. They are enterprising young lawyers and have met with a severe loss—the entire contents of the office, consisting of books, furniture, &c., were destroyed. Their loss is estimated at from $1,000 to $1,200, exclusive of furniture.

The rear portion of the second story was occupied by Mr. Killoran as a carpenter shop. His family also occupied rooms on the third floor. Mr. K., who is a poor man, lost everything, both in his carpenter shop and dwelling, upon which there was no insurance.

The flames extended to the building adjoining east, the lower story of which was occupied by Mr. C. V. Hutchens as a grain and feed store. His stock was all damaged more or less. He expects, however, to save a considerable portion which was stored in the cellar. He was insured for $4,000 in the Putnam Fire Insurance Company, of Hartford, of which Alexis McNulty, Esq., is agent. The insurance will wholly cover the loss.

Messrs. Jackson, Lawton & Basinger, who occupied rooms over the store of Mr. C. V. Hutchins, lost all their office furniture, together with their library, etc., which was one of the most valuable law libraries in the city, and upon which there was no insurance. Their loss is estimated at about $8,000. Major Basinger's private library, also destroyed, we are informed, was insured for $500 in one of the offices of which Mr. Robert H. Footman is agent.

Mr. C. H. Morel, who occupied room above the office of Messrs. Jackson, Lawton & Basinger, was asleep at the time the fire broke out, and was awakened by Mr. Killoran, who was breaking a way through his apartment to get out. The smoke was so dense that Mr. Morel had barely time to escape, saving only a few articles of clothing. The entire contents of his room, consisting of furniture, &c., was entirely destroyed. His loss is between five and six hundred dollars.

The buildings destroyed were owned by Solomon Cohen, Esq., and insured for $5,000 in the Queen Fire Insurance Company of Liverpool and London, of which Robert H. Footman, Esq., is agent.

Is the most extraordinary SALVE ever known. Its power of Soothing and Healing for all Cuts, Burns, Bruises, Sores, Ulcers, Chapped Hands and Skin, for Sore Nipples, for Piles, &c., &c.—is without a parallel. One person says of it, "I would not be without a Box in my House, if it cost $5.00, or I had to travel all the way to New York for it."

The excellent remedies of O. S. Prophitt, M. D., need no recommendation. Their well known power in removing the diseases peculiar to our Southern Climate, having already established for them an enviable reputation in Georgia and the adjoining States. As the majority of persons living in the South are pre-disposed to disease of the Liver, it is granted by all intelligent physicians that most of the pains and aches of our people are due to organic or functional derangement of that important organ. Prophitt's Anti-Bilious Pills and Liver Medicine strike directly at the root of the evil. They cure the liver which, in nine cases out of ten, is at the bottom of the Coughs, Dyspepsia, Colic, Sick Headache, Rheumatism, Constipation, Menstrual Obstructions, etc., so common among our people. Earache Toothache, Acute Rheumatism, Neuralgia, and bodily pains of every kind. See before PROPHITT'S PAIN KILL IT like chaff before the wind.
